

## JOS. F. SMITH THE MORMON ARRESTED

Charged by Mormon Officers  
With Living Unlawfully With  
at Least Five Wives at Salt  
Lake City.

Arrest Follows Recent Notorie-  
ty Over Birth of President  
Smith's Forty-Third Child.  
Waived Preliminary Hearing

SALT LAKE CITY, Oct. 1.—Pres-  
ident of the Mormon church, Joseph  
F. Smith, was arrested and bound over  
to the district court today on the  
charge of living unlawfully with five  
wives. The complaint was sworn to  
by a Mormon deputy sheriff and the  
warrant was served by order of the  
Mormon sheriff, and the committing  
magistrate is also a Mormon.

President Smith was arraigned im-  
mediately after his arrest and waived  
preliminary hearing. After being  
bound over he was released on his  
own recognizance.

President Smith reached here two  
days ago on his return from Europe.  
He then learned that an attempt had  
been made to secure his arrest for  
a statutory offense in connection with  
the birth of his forty-third child.

The complaint was made from a  
distinctly anti-Mormon source. The  
county attorney refused to approve the  
prosecution on this charge. The at-  
torney was then cited to appear in  
court and show cause why he should  
not be compelled to act on the mat-  
ter. After a hearing the court held  
that the attorney was justified in re-  
fusing to prosecute, because the com-  
plainant offered no evidence that the  
mother of the child was not the wife  
of President Smith.

Whatever is the motive back of to-  
day's proceedings, the effect will be  
to disarm criticism that has been di-  
rected against the authorities for their  
failure to take cognizance of admis-  
sions made by President Smith before  
the senate committee during the in-  
vestigation of the Smoot case.

### LOCAL SCHOOL STATISTICS.

The following is a synopsis of the  
report of School Superintendent Phil-  
brook for the past month: Pupils  
enrolled, Central school, 735; Lowell,  
343; Lincoln, 159; South Bisbee, 76;  
Don Luis, 57; total, 1380; total for  
same term last year, 1055; percentage  
of attendance, 96; same term, 1905,  
95; corporal punishment, 31; (1905)  
same term, 23; teachers' calls on pa-  
rents, 110; same term, 1905, 47. To-  
tal days' attendance, 24,205; same  
term, 1905, 18,455; cases of tardiness,  
159, divided as follows: Central  
school, 36; Lowell, 15; Lincoln, 30;  
South Bisbee, 6; Don Luis, 72. The  
number of cases of tardiness at Don  
Luis seems to the superintendent to be  
disproportionately large, and the  
pupils of that school will probably re-  
ceive a lecture on the virtue of punctu-  
ality.

### EL PASO WINS IN GLOBE TOURNAMENT.

(Special to Review.)  
GLOBE, Ariz., Oct. 1.—The third  
game in the baseball tournament re-  
sulted in a victory for El Paso over  
Tucson by a score of 6 to 2. El Paso  
scored one in the second, four in the  
fifth and one on hits by McCall, Burk  
and Gordon. Tucson scored two runs  
in the fifth on a hit by Barnett, and  
Redford and on errors. Tucson made  
five hits and five errors; El Paso nine  
hits with a total of twelve bases and  
three errors. Los Angeles and El  
Paso play tomorrow.

### ROOSEVELT BACK FROM OYSTER BAY.

WASHINGTON, Oct. 1.—The  
President and Mrs. Roosevelt and  
three of their children,  
Miss Ethel and Archie and  
Quentin, returned to Washing-  
ton at 4:20 o'clock this after-  
noon from their summer home  
at Oyster Bay, N. Y., where  
they have spent the past three  
months. The President looked  
the picture of health as he  
stepped from the train and cor-  
dially greeted a number of ac-  
quaintances who were awaiting  
his arrival.  
He and Mrs. Roosevelt enter-  
ed their carriage and were driven  
to the White House.  
The President was at once  
informed of the latest develop-  
ments in the Cuban situation,  
in which he is taking the liveli-  
est interest.

## GAINES - SUED OVER TAX MATTER

District Attorney Flanigan  
Seeks Judgment Against Co.  
Treasurer in District Court  
in the Sum of \$215.72.

Gaines Will File Answer Today  
and Reiterate Statement  
Made Review Some Time  
Ago—Politics Seen in Suit.

District Attorney Thomas E. Flani-  
gan, nominally representing Cochise  
county, a body politic, is plaintiff in  
an action brought in the district court  
of the second judicial district against  
County Treasurer J. N. Gaines and the  
Aetna Indemnity company, alleging  
instances of the defendant failing to  
account for money collected, of as-  
suming to reduce taxes fixed by the  
board and of other things not just  
within the sphere of duty of a county  
treasurer. Mr. Flanigan seeks judg-  
ment in the sum of \$215.72 and the  
costs accruing in the action.

Today Mr. Gaines will file an an-  
swer to the suit in the same court.

Looks Like Politics.

This suit will be considered by  
many as a piece of litigation sprung  
solely for the purpose of injuring Mr.  
Gaines in his candidacy for re-election.  
Mr. Gaines, following the report of  
Public Examiner W. C. Foster, made  
some weeks ago, when the material of  
which the present action is a  
basis was given out, explain-  
ed all of his alleged miscon-  
duct in a manner that was entirely  
satisfactory. Little has been said  
about the incident of late, but it was  
believed that it was only being hushed  
until a more opportune time should  
arrive for its revival.

And what more opportune time could  
there be than right now, on the eve  
of a primary, with Recorder Hare de-  
claring of Gaines' job?

And so the coup d'etat—the trump  
card—was sprung.

But it may be a lemon. Mr. Gaines  
in his answer will reiterate his state-  
ment made in The Review recently,  
when he completely answered his  
traders.

What Suit Charges.

Following is a summary of the al-  
legations made by the district attorney:  
That Gaines received certain moneys  
for assessments, which do not appear  
on his records.

That for taxes due from Norton and  
Stewart to the amount of \$350.67, ac-  
cording to the assessment roll, he  
collected \$33.

That Gaines assumed to reduce the  
assessments of one Christine Collins  
from \$2000 to \$1000.

That Gaines has paid the Bank of  
Bisbee and the First National Bank of  
Tombstone in excess interest on war-  
rants.

Here is the way Mr. Gaines an-  
swers his critics. In The Review, and  
in like vein he will answer them in  
the courts:

"Referring to the North & Stewart  
taxes, in which the report seems to  
charge me with substituting an assess-  
ment in lieu of the assessment origi-  
nally placed on the rolls, and accept-  
ing a small amount of taxes instead of  
the amount of taxes fixed by the  
board, I will state emphatically that  
this inference was entirely false.

"I have a suit filed in court against  
the property of Norton & Stewart for  
taxes against the same assessment  
originally placed on the duplicate rolls  
for the amount of \$317.67 and costs  
and penalties.

Sues Norton and Stewart.  
The attorneys for these parties  
were notified by me last December  
that I would bring suit against them  
for the taxes if they failed to pay be-  
fore the taxes became delinquent. But  
they believing that they will get re-  
lief in the court have refused to pay,  
hence the tax suit.

"In the case of Christine Collins in  
which the report recommends to the  
board that the treasurer should pay  
\$65.00 into the county on account of  
taxes, is too astonishing to come from  
the most inexperienced person.  
"It is merely a case of a widow who  
was assessed for \$2000.00, and whose  
assessment was afterward reduced by  
an order of the Board of Supervisors  
to \$50.00, leaving her total assessment  
at \$1,950.00. The law provides that any  
widow having an assessment less than  
\$2,000.00 shall be exempt in the sum  
of \$1,900.00 valuation. This leaves  
the amount due from her to the coun-  
ty the taxes on \$50.00 valuation.

The Impossible Asked.

"If County Treasurers in Arizona  
are to be compelled to pay into the  
County Treasury all of the back taxes  
that he fails to collect before the first  
half of the year has expired he would  
have to have a very large income out-  
side of his salary to be able to come

## RELATED STORY AN AMERICAN DEMOCRATS IN OF TROUBLE WINS AERO- RUSSIA HOLD ON 16TH CONTEST MEETING

Threatening Speeches and  
Many Arrests at Llano de  
Oro Followed Efforts of the  
Americans to Stop Fiesta.

EL PASO, Oct. 1.—Mail advices to  
the Herald from Llano de Oro, Sonora,  
tell of a strike that came near being  
serious trouble there incident to the  
holiday celebration on the 16th of last  
month. All is settled now, however.

An eight-day fiesta had been arrang-  
ed at the camp, and mine and mill  
were closed for a couple of days, the  
men refusing to let work interfere with  
their merrymaking and gambling. Henry  
L. Mackay, manager of the Llano de  
Oro Mining and Milling company, went  
to the municipal authorities on the  
morning of the eighteenth and threat-  
ened to close down the works for  
an indefinite period unless the festi-  
val was stopped. The authorities  
accordingly ended the festival on the  
eighteenth.

The proceedings angered the men,  
and they inaugurated a strike and de-  
manded \$3 a day. Some fiery speeches  
were made and fifteen of the men were  
arrested. Last Friday ten men were  
released and five were taken to Altar,  
where they are now in jail.

### SHERIDAN AFLOAT.

HONOLULU, Oct. 1.—The United  
States transport Sheridan, which ran  
aground on Barber's Point, at the  
southwest extremity of the island of  
Oahu, was floated today with the as-  
sistance of the transport Buford.

### REGISTRATION IS INCREASING.

A great number of the quali-  
fied electors of the precinct  
who had not registered up un-  
til a few days ago, have had  
their names inscribed in the  
great register since that time.  
The registration at Justice Mc-  
Donald's Court yesterday  
amounted to 1030, and in Judge  
Murphy's court was a little  
more than 800. There are only  
a couple of weeks left during  
which it will be legal to regis-  
ter, and unless the matter is  
attended to some of the local  
voters will find that they are  
disqualified when they try to  
vote on election day.

Lieut. Lahm Officially Pro-  
claimed Victor in Interna-  
tional Balloon Race—One  
Contestant Missing.

PARIS, Oct. 1.—The aero clubs  
semiofficially announced tonight that  
Lieut. Frank P. Lahm of the Sixth  
United States cavalry, one of the  
American contestants, was victorious  
in the first competition for the James  
Gordon Bennett cup for international  
aeronauts.

The race was started yesterday  
afternoon, when fifteen balloons, rep-  
resenting seven countries, sailed away  
from Tuilleries Gardens, Paris. Lieut.  
Lahm's apparent victory may be  
changed when Hon. O. S. Rolls, one of  
the English contestants, is heard from.  
Rolls' landing has not yet been re-  
corded and there is some doubt re-  
garding his relative position.

Considerable anxiety is felt for his  
safety, although his experience and  
caution are regarded as certain to  
bring him safely to the ground.  
The absence of the Britannia, Rolls'  
balloon, from the list of landings,  
causes increasing disquiet as the hours  
go by, some thinking that a current  
of air must have carried him out to  
sea, while others believe he has landed  
some where in England and has not  
yet been able to get to a telegraph of-  
fice. The Britannia was last seen  
near Hastings, England.

### WOULD SAVE FORESTS.

SAN BERNARDINO, Cal., Oct. 1.—  
The people of San Bernardino, through  
its board of trade, have appealed to  
President Roosevelt to save the big  
forests of this country from destruc-  
tion at the hands of timber cutters.

### PROMINENT DOCTOR KILLED.

SAN FRANCISCO, Oct. 1.—In a  
street car accident this evening Ran-  
dolph Croft Stoney, a well known  
physician, was instantly killed and two  
other passengers were injured.

Stoney was standing on the steps of  
a northbound Divisadero street car.

### ANOTHER STREET CAR DEATH.

NEW YORK, Oct. 1.—A child was  
killed and a score of men and women  
injured, five or six dangerously, to-  
night, when a runaway car of the  
Yonkers street railway dashed down a  
steep incline of McLane Avenue and  
jumped the track at a sharp turn at  
the foot of the hill, and turned over,  
burying passengers in the wreckage.  
The accident was due to the break-  
ing of a chain attached to the brake.

## TAFT'S TACT HEALING SORES

Reiterates to Heart Broken Re-  
public That Mission Is Sole-  
ly That of Uplifting Country  
and Restoring Prosperity.

Shows Kindly Act to Destitute  
Cubans That Wins Him High  
Regard — Process of Dis-  
armament Now Moving On.

HAVANA, Oct. 1.—Governor Taft's  
acts today have gone far to win him  
a warm place in the hearts of the  
people whose destinies have been  
placed in his hands. Presiding this  
morning at the opening exercises of the  
anniversary of Havana, he declared  
that his mission here was solely for  
the purpose of uplifting the fallen re-  
public and restoring it to the path of  
prosperity, an announcement which  
was greeted with demonstrations of  
delight from an audience representa-  
tive of the highest society of Cuba.

Following this it became known that  
Mr. Taft and Assistant Secretary Ba-  
con had cabled for their wives to  
join them here, a step which cannot be  
but most agreeable to the Cuban  
people, and one which will strongly  
cement the friendship between them  
and the American provisional govern-  
ment.

Taft's Considerate Treatment.  
Still another act of Governor Taft  
warmly commended as illustrative of  
his thoughtful consideration of the  
humblest classes. Learning that many  
poor families occupying temporarily  
disused barracks at Camp Columbia  
were about to be summarily evicted by  
order of the Cuban authorities, in  
preparation of occupation of the quar-  
ters by the brigade of marines, Gov-  
ernor Taft directed that these people re-  
main undisturbed in their home for  
a period of fifteen days. In the mean-  
while, a portion of the marines will  
remain under canvas. The order of  
eviction had been issued in the name  
of the provisional government. Upon  
hearing of the plight of the present  
tenants of the barracks, Governor Taft  
went to Camp Columbia in an auto-  
mobile, explained that he had not been  
aware of conditions and rescinded the  
order.

Governor Applauded.  
He left camp amid the cheers and  
warm expressions of gratitude from  
the people.  
News of this act of humanity spread  
rapidly and received the highest  
praise. These evidences of American  
good will have earned such general  
favorable comment that the landing  
of a battalion of marines, which will  
constitute the garrison here, caused  
hardly a ripple of excitement.  
Much of the governor's time today  
was occupied in receiving officials of  
various departments and judges of  
courts.

With members of the supreme court  
Governor Taft held a prolonged con-  
ference concerning the drafting of a  
proclamation of general amnesty. This  
decree is of the most importance, in  
view of the fact that at many points  
on the island, notably at Cienfuegos,  
many persons are in jail awaiting dis-  
position of political charges.

The governor today appointed Major  
Eugene F. Ladd and Alexander Gon-  
zales a committee to audit the ac-  
counts of the treasury.  
Insurgents Disarming.  
Joseph J. Montague and Carlos  
Hernandez, members of the disarma-  
ment committee, left here tonight to  
receive arms from rebels at Santa  
Clara, Esperanza, Cruces, Cienfuegos  
and other points in center of island.  
Laying down of arms by rebels in the  
vicinity of Havana will begin tomor-  
row, when the men will be entrained  
to their homes.

### TROOPS SAIL TONIGHT.

WASHINGTON, Oct. 1.—General  
Bel announced that the transport  
Sumner would sail tonight for Ha-  
vana. She will carry the first detach-  
ment of troops for the Cuban expedi-  
tion, consisting of two battalions of  
infantry from Plattsburg, New York,  
barracks, and one battalion of engi-  
neers from Washington barracks, 309  
men in all. The troops will be under  
the command of Colonel Cowles of the  
Fifth infantry. In addition to the  
troops the Sumner will carry a large  
consignment of commissary stores.  
The sailing of the Sumner will be  
within forty-eight hours from the in-  
surance of orders of movement of  
troops. Practically the first bit of in-  
formation conveyed to President  
Roosevelt after his arrival here was  
that respecting the Sumner's readi-  
ness to sail. He expressed gratifica-  
tion at expedition.

Brigadier General W. P. Duval, com-  
manding the Department of the Gulf,

## RAIN ADDS TO TERROR OF MOBILE

Almost Every House in Storm  
Stricken City Is Without a  
Covering and Are Submerg-  
ed With Rain.

Mobile Will Take Care of Her-  
self, But Calls for Aid for  
Other Stricken Neighbor-  
hood Cities.

MOBILE, Ala., Oct. 1.—The busi-  
ness houses of the city today sustain-  
ed almost as much financial loss from  
a heavy rain storm which set in short-  
ly after midnight and lasted about  
twelve hours, as from the recent dis-  
aster.

There is scarcely a building in the  
business section of the city which has  
a roof capable of keeping out the rain.  
Many of them have no roofs at all,  
and during the storm of today in  
which four inches of rain fell, water  
poured down through elevator shafts,  
leaking roofs and upon unprotected  
upper floors, ruining all manner of  
merchandise. During the rain today  
water poured into the federal building  
through the elevator in such a volume  
that large pools were formed on ev-  
ery floor.

At his office in the city hall Mayor  
Lyon sat at his desk with his feet  
drawn up under his chair to keep them  
out of puddles on his carpet, and wore  
his hat to keep rain from falling on  
his head.

Hospital Flooded.  
The roof of the city hospital, which  
was badly damaged Wednesday night,  
and which had been temporarily re-  
paired, was leaking badly today and  
Mayor Lyon dispatched an emergen-  
cy corps to make it a fit place for the  
sick.

At a meeting of the citizens and the  
relief committee held today it was  
ascertained that while Mobile is entirely  
able to care for the suffering within  
her own limits, contributions from  
neighboring sections of the country  
will be accepted for aid of sufferers in  
the towns on the southern part of the  
bay.

The Louisville & Nashville brought  
trains into the city from the north for  
the first time since the storm.

The crew of the Norwegian bark  
Norge, all of whom were reported lost,  
are safe, having been picked up by a  
passing steamer.

The bodies of eight people were  
picked up today in the lower bay.  
PENSACOLA, Fla., Oct. 1.—On the  
point overlooking the gulf and con-  
tinuing to Escambia bridge, east of the  
city, there is nothing but devastation  
and ruin. At Fort McRea five lives  
were lost. The twenty men there  
had a terrible experience. They  
sought the batteries, the very highest  
point, as the waves began to lash over  
themselves to the guns. They clung  
for more than twelve hours. Only  
one lady and her little child were at  
the post. She was the wife of a  
sergeant apprentice, and although the  
big, strong soldier fought to save the  
life of his young wife and baby, they  
were almost wrrenched from his arms.

Three artillerymen were lost by be-  
ing washed from the batteries.  
The fort was almost razed.  
Fort Pickens Disabled.  
Across on Santa Rosa Island, also  
on the gulf, is Fort Pickens, where  
more than 1500 men were stationed.  
There was no loss of life, but great de-  
struction of property. The mortar  
batteries were driven in and the arms  
were wrecked. The barracks were  
also demolished.

Fort Barrancas has been badly dam-  
aged.  
The navy yard suffered probably to  
the extent of \$1,000,000. Many of the  
new buildings have been damaged or  
destroyed completely. The floating  
docks crushed against a stone, one  
being damaged, and the gunboats Viv-  
en, Isla de Luzon, Gloucester, Machias

### INCREASE IN RECEIPTS SHOWS BISBEE'S GROWTH.

One of the best indications  
that the city is growing is the  
fact that the receipts of the  
local postoffice show an in-  
crease in every month over  
those of the same period of last  
year. In making up his regul-  
ar quarterly report Postmaster  
Cassidy found that the receipts  
for the quarter just passed ex-  
ceeded those for the same  
period of 1905 by about twenty-  
four per cent. The business of  
the office is increasing con-  
stantly, and it will be a great  
advantage when the new pos-  
tice quarters are finished.
